This property is a 56 acre parcel including a 382 sf building that has a living area and separate full bath as well as a 12x32 shed. The original building with living area was built in 2012 and the property has a well and septic system to support this building. This property is centrally located in the St. John Valley region of Aroostook County with easy access to points north, east and west. The property is approximately 4 miles from Route 1.
