## Description

Welcome to Woodland Park 14th Subdivision with beautiful homes situated among trees galore and rolling hills. This home has it all. 5 bedrooms with 3 having their own private baths in addition to 2 other guest baths. Formal living and dining rooms at entrance. Great room with fireplace combines with the kitchen. Another large family room upstairs centrally located between bedrooms and has its own wet bar, fireplace and built-ins. This home was designed with entertaining and larger family in mind. Attached 2 car garage. In addition to all of this, it even has an amazing craft room. Previous owners were in the process of remodeling the kitchen and appears to have all new appliances and concrete countertops but needs some finishing touches.
